Lehi, UT 84043

To Whom It May Concern:

We are writing to inform you of a recent change to the appearance of Lecithin NSP soft gels.

Effective immediately, we have added a new natural colorant to the soft gel shell. This change was made to ensure a consistent color experience for all customers. The formula of the product remains unchanged, and the new colorant will not affect the efficacy or safety of the product.

Previously a natural colorant was used that induced soft gel rupture. We attempted to provide soft gels with no colorant added, but the color variation of the soft gels was too extreme for a consistent customer experience. Therefore, we returned to using a soft gel shell natural colorant. This colorant will not affect the shell stability from rupturing and should provide much better customer satisfaction.

Best regards,

A handwritten signature in black ink that reads "Anthony Hurlburt". The signature is written in a cursive style and is positioned above a horizontal line.
